

NTTA PLAYER GRADINGS FOR KO CUP SEASON 2007 to 2008

as at 10 Feb 08. (Insufficient data to handicap those players with a zero in the grade column).

Handicaps have been based largely on the results of games played in the winter season 06-07. In a small number of instances, where players have not competed in that season, handicaps have been carried over from previous seasons. Most new players have a grade based on this season's play. The names have been arranged in alphabetical order of clubs. The list will be used for the KO Cup 2007-2008. Club secretaries are asked to check lists in advance of First Round and contact Alan Hedley if any of your current players are omitted. Some players new to the league will be allocated gradings when they have played a minimum of 4 matches. For their gradings contact Alan, preferably by e mail. If phoning do not ring after 9.00pm. Contact details are in handbook. Email tabletennis@talktalk.net
