

**NORTHUMBERLAND TABLE TENNIS ASSOCIATION PLAYER GRADINGS FOR KO CUP SEASON
2008 to 2009 AS AT 14 MARCH 2009**

These handicaps have been based largely on the results of games played in the winter season 2007 -2008. In a small number of instances, where players have not competed in that season, handicaps have been carried over from previous seasons. The clubs and player's names have been arranged in alphabetical order. The list will be used as the reference source for the KO Cup 2008-2009. Club secretaries are asked to check lists in advance of First Round and contact Alan Hedley if any of your players are omitted or if you require handicaps for new players, who must have played a minimum of 4 matches. Ideally contact Alan by e mail. If phoning do not phone after 9.00pm. Contact details are in League Handbook. Email tabletennis@talktalk.net

When two players meet in a handicap game they use their handicap numbers to calculate the start which the higher graded player gives to the For example a player graded 340 (from the Premier Division) with a handicap number of 2 meets an opponent graded 190 (say from Division 2) with a handicap number of 32. The difference between these handicaps (in this case 30) is then compared to a POINTS START CHART (see the table below) to give the number of points start which the lower graded player receives. In this example the chart . indicates a 13-point start. Column A = Difference between 2 players' handicaps
 Column B = the start which the higher graded player gives the lower
